## April 2011

Sun	Mon	Tue	Wed	Thu	Fri	Sat
<p><i>Always keep the gun pointed in a safe direction.</i>  <i>This is the primary rule of gun safety. A "safe direction" means that the gun is pointed so that even if it were to go off it would not cause injury or damage. The key to this rule is to control where the muzzle or front end of the barrel is pointed at all times. Common sense dictates the safest direction, depending on different circumstances.</i></p>					<p>1                      Club Meeting                      7:00 pm</p>	<p>2                      Sporting Clays Match                      9:00 am</p>
